

Fort Monmouth

BRAC 2005 Recommendation:

BRAC 05 recommends to close Fort Monmouth, and realign both mission functions and major tenants into multiple locations that results in consolidation of like or similar functions into synergy specific installations to increase efficiencies and reduce costs. Key to this closure is the relocation of CECOM, a Major Subordinate Command of the AMC, to Aberdeen Proving Grounds as a complement to the synergy being established at Aberdeen. Utilization of the total capacity of the RDT&E Command is enhanced by consolidation. Non-RDT&E tenants/activities are realigned to installations that have like mission functions where Army and DoD synergy is enhanced.

Gains:

- None, close Ft Monmouth

Losses:

- US Army Military Academy Preparatory School to West Point
- Inventory Control Point functions to Defense Supply Center Columbus
- Procurement management and support functions for Depot Level Reparables to Aberdeen Proving Ground
- Program Management for Enterprise Information Systems to Ft Belvoir
- Joint Network Management System Program Office to Ft Meade
- Sensors, Electronics, Electronics Warfare, and Information RDA and Program Executive Offices for Command, Control, Communications Tactical, and Intelligence, Electronic Warfare, and Sensors to Aberdeen Proving Ground
